SCAD Builds Awareness of Seniors, Government

HUNDREDS of Tacomans came to the Senior Citizens Awareness Day to view some of the projects the seniors have done.

CONGRESSMAN Floyd V. Hicks talked about some of the pressing issues, such as impeachment and the confirmation of a vice president, facing Congress right now.

Hundreds of local residents became more aware of the problems facing government and of the activities of seniors at the second annual Senior Citizens Awareness Day.

Congressman Floyd V. Hicks reviewed the progress of several key issues before Congress, including impeachment proceedings and the confirmation of Congressman Gerald Ford as vice president. Hicks said that the country and Congress face a new crisis every morning, but her quickly expressed his confidence in the country's ability to solve these crises.

On the lighter side of the afternoon, several senior citizen groups entertained the audience. The Wright Park Bank, Lakewood Seniors Center square dancers, and Roaring '20s band from Puyallup provided entertainment as visitors examined booths displaying handicrafts made by seniors and explaining services available to seniors.

The main program featured Hicks and groups from the Model Cities Senior Citizens Center. The entertainment included numbers by a bell-ringing group, a seniors choir, and Una Arnold playing the dulcimer. Several seniors were awarded bowling trophies.

Mayor Gordon Johnston said that he was proud to have the opportunity to be involved in the organization of senior citizens programs which are being started.

Model Cities Director Keith Palmquist commended the Model Neighborhood seniors for their participation in the programs of Model Cities.

Congressman Hicks explained the thinking of Congress in overriding the President's veto of the war powers bill. Hicks said that if a president cannot justify the presence of United States troops in a foreign country in 60 days, the troops should be withdrawn.

Commenting on the question of impeachment, Hicks said that his mail was running 4-1 in favor of impeachment. He added that many of those supporting action by Congress say they voted for Nixon and have come to the decision to advocate impeachment with reluctance. Hicks added that the Congress would probably support the findings of the Judiciary Committee's report, which should take several months to complete.

Responding to press criticism that Congress is bogged down with Watergate, Hicks said that the House was conducting business as usual and might be a little ahead of schedule.

THE PROGRESSIVE Seniors Choir sang several numbers. The choir and a bell-ringing group represented Model Cities at the annual seniors day.

Dear Tac-Vac

by: Ted Jefferson

Dear TAC VAC:

Q-- I enlisted in the Army in 1967 and served three years, with one year in Vietnam. Since being discharged I was injured in a traffic accident which left me unable to hold a steady job. One prospective employer told me I might be eligible for residence in the Soldiers' Home in Washington, D.C. Would I qualify?

A--In addition to others, former Regular Army and Air Force enlisted personnel with a nonservice-connected disability are eligible for residence in the Soldiers' and Airmen's Home if they served actively during wartime.

Q--I have a 100 percent VA disability compensation. Can a company put in a claim to collect on my compensation or can they stop it? My ex-wife has been opening accounts in my name. I would like to know if they can do anything to my benefits if I don't pay?

A--Your VA. payments are exempt from the claims of creditors, and are not liable to attachement,levy or seizure, either before or after receipt. The exemptions does not apply to claims by the United States or to taxation on any property brought with such VA payments.

Q--I have finally located a home I can buy under the GI Bill, but the asking price is higher than the VA appraised price. Can I pay more than the market value to get that house?

A--Yes, if you pay the difference in cash between the VA appraisal and the price of the home. VA cannot approve a loan which exceeds the reasonable value of the home.

Human Relations Commission Meets With Black Forum

Representatives of the Human Relations Commission, representatives of the Black Forum ESAA Grant Committee and representatives of the Tacoma School District administration met in the offices of the Human Relations Commission on November 19, 1973. TOGETHER FOREVER

Mr. Walter Houston Sr. 83 and wife Mrs. Willametta Houston 81, both of 6826 S. Junett, passed away within two days of each other in Tacoma, Washington. Mother Houston entered into eternal rest Saturday afternoon, November 17, 1973 at the Clearview Nursing Facility. Father Houston joined hands with her during the early morning hours of Monday, November 19, 1973 at St. Joseph's Hospital.

She was born Willametta Kellum, December 1, 1891 in St. Paul, Minnesota, to Alfred and Nellie Kellum. She grew up there, and was baptized at an early age at Bethesda Babtist Church in Minneapolis.

He was born March 15, 1890 in Chattanooga, Tennessee to Mr. and Mrs. Thomas Houston. He was baptized at Bethesda also.

They were united in holy matrimony 62 years ago in Minneapolis. To this union was born 4 children, 2 daughters Mrs. Eleanor Bennett of Tacoma and Mrs. Willetta Freeman of New York City, 2 sons Mr. Walter Houston Jr. of Tacoma and Mr. Harold Houston now deceased.

They made their home in Tacoma 55 years ago moving from Minneapolis. Here they united with the Bethlehem Baptist Church when it was located on Fawcett Ave. They both attended regularly until sickness and age slowed them down, and still they participated faithfully. She served in various capacities over the years as pianist, Sunday School Teacher of the Cradle roll class, and was still active in the Missionary Society. He served on the board of trustees. He helped the defense efforts of both World War I and II by serving as a carpenter at the Todd Ship Yards.

They operated Houston's Chair Rental Service and he was concurrently a custodian for the First Congregational Church, retiring after 37 years of Service. He heartily loved all sports and enjoyed hunting.

Other sorrowing survivors beside their devoted children include his sister Mrs. Lillian Cobb of Los Angeles, 5 grandchildren, 7 great grandchildren and a host of other friends and relatives.

Services were held at 11 AM Friday, November 23, 1973 at the Bethlehem Baptist Church, The Rev. Robert H. Davis officiating and were directed by the staff of the House of Scott Mortuary.

Together they were laid to rest, side-by-side, at the Mr. View cemetery.

Delta Sigma Theta Sorority Participates In Yule Boutique at PLU

Looking for something special! Attend the Unique Yule Botique Sale at PLU, Olson Audit on Friday, November 30, 7 - 10 PM and Saturday, December 1, 9 AM - 1 PM. Don't forget to look for Deltas Booth #4 for special hand-crafted items as Christmas decorations, flowers, candles, puppets, clothing and other novelty gifts.

Last year the PLU Faculty Wives Club came up with a great idea. Rather than having dozens of local charitable organizations conducting separate bazaars throughout the Christmas holidays, they invited the organizations to participate in their Yule Botique.

The idea was to attract more Christmas shoppers to one place, offer more items, and save wear and tear on shoppers' feet. And this year, of course, the gasoline savings will be a factor.

Forty organizations are participating this year.

The botique will also feature an art exibition in the adjacent Olson Fieldhouse, with 10 local artists participating.

There is even a child care service available, where children four years of age and older may play while mother is shopping. Located in classrooms in the Olson building, the supervised rooms will feature games, films, artwork, Christmas song singing and storybook reading.

Coffee and Norwegian cookies will be available and there will be a demonstration of the baking of lefse, a Norwegian delicacy.

So get your stockin stuffins early!

Deltas will see you there in Booth #4.

Jaycees

By Dennis H. Pugh
Hilltop Jaycees

Are you chained by circumstances. Do you cry out for better opportunity, for a wider scope, for improved physical conditions. Then it is for you that we write; it is to you that we speak. Perhaps the chains of poverty hang heavily upon you, and you are friendless and alone, and you long with an intense longing that your load may be lightened; but the load continues, and you seem to be enveloped in an ever-increasing darkness. Perhaps you complain, you bewail; you blame your birth, your parents, your employer or the unjust Powers who have bestowed upon you so undeservedly poverty and hardships, and upon another affluence and ease. Cease your complaining and fretting; none of these things which you blame are the cause of your poverty; the cause is within yourself, and where the cause is, there is the remedy. The very fact that you are a complainer, shows that you deserve your lot; shows that you lack that faith which is the ground of all effort and progress. There is no room for a complainer in a universe of law, and worry is soul-suicide. By your very attitude of mind you are strengthening the chains which bind you, and are drawing about you the darkness by which you are enveloped. Alter your outlook upon life, and your outward life will alter.

Do not complain that you are a slave, but lift yourself up, by noble conduct, above the ranks of slavery. Before complaining that you are a slave to another, be sure that you are not a slave to yourself. Look within, look searchingly, and have no mercy upon yourself. You will find there perchance, slavish thoughts, slavish desires, and in your daily life and conduct slavish habits. Conquer these thoughts; cease to be a slave to yourself, and no man will have the power to enslave you. As you overcome self, you will overcome all adverse conditions, and every difficulty will fall before you.

Before we attempt to understand any condition in life; we must first understand thyself.

FASHIONABLE by Denise

The holiday season is fast upon us, with many private and public affairs in the offing. Aside from Easter, this is the time of year people try hardest to cast a magic spell with their personal attraction.

It is a pleasure to attend the social gatherings and watch the elaborately dressed guests.

Recently at the NAACP Fashion Pageant and Dance, which was a huge monetary success, many of the attending guests should have won accolades. To name a few:---There was MRS. ELIZABETH TULEY, SCHÖN, in a deep rose knit floor length dress with a matching jacket. The jacket was accentuated with a rose petal style ruffle standup collar that continued down the front.---MR. ESTER WOLFONG, very handsome in a navy blue suit with white shirt adorned with burgundy stitching and a burgundy tie with white designs, concluded his wardrobe by wearing burgundy shoes.---MRS. RUBY HARRIS, Exquisite in a beautiful pink after five dress with green floral designs.---MRS. CONNIE LASSITER, was lovely in a two-piece dark green cocktail length dress, accented with shocking pink.---MR. JIM WALTON, one of Tacoma's most Fashionable, wore a three piece black knit suit with white shirt and matching black butterfly bow tie.---MRS. RUTH JEFFRIES, another Tacoma Fashionable continued in the fashion world with a long floor length plaid skirt. A shirt waist blouse with strands of jewelry around the stand up collar embellished the attire.---MRS. MERIAM ROACH, sensuously dressed in red. A coctail length dress with long sleeves trimmed in rhinestones around the hem line and sleeves.---The young cannot be over looked. A young man in his early 20's was a picture of winter wonderland with his all white fake fur suit trimmed in a type of leather material. He demonstrated his ability to handle the latest style with an all white brim trimmed in brown leather material.---The Dapper, MR. FELIX CAMPBELL, with his beautiful well-cut grey hair was neatly matched in a brown trench coat and brown suit with his collection of gold coins made into cuff links and tie clasp.

If you did not attend the pageant, see what you missed?

See you again soon. Denise.

GREAT SCOT!

WHEN WHISKY WAS BARRED

There was once a time in Scottish history when the whisky business was a risky business. This unlucky 77 year period came to an end just 150 years ago, according to The Teacher's Scotch Information Centre.

Scotch whisky was almost relegated to extinction in 1746, when the English defeated the Jacobites at Culloden. Retribution against the Scottish Highlanders, who formed the Jacobite army, was swift and severe in this time of social ferment. Everything Scottish was ruthlessly suppressed, and foremost among the victims was uisge bretha-Scotch malt whisky-toward which the English had a distinctively sour attitude.

From James Boden's Pen

The college football season is over and done with for 1973, but with The Big Ten there is some disagreement. The big question?? Whether to send Ohio State to the Rose Bowl or Michigan after that 10-10 tie.

Last Saturday's game was a disaster for Michigan, not only did they miss two field goals in the last minutes of play but the injury of starting Quarterback, Dennis Franklin, who sustained a broken collarbone.

The PAC 8 championship was somewhat easier with USC beating UCLA 23-13 and earned the right to meet the selected Big Ten Team in the Rose Bowl.

In the state of Washington there is always a next year as both teams, the U. W. Huskies 2 - 9 and W.S.U.Cougars 5 - 6 finished out the year.

I believe that although Michigan lost their starting quarterback they are still more qualified to represent the big ten than Ohio which does not have a great passing attack.

Announcing a brand-new 2-year enlistment idea.

If 3 or 4 years in the service is more than you can afford to give right now, consider the Army's new 2-year enlistment idea.

It's an idea with a choice. You can choose job-training from a wide range of job-training courses. And if you qualify, we'll guarantee that training in writing before you enlist.

Or you can choose to serve with us in Europe. Either way, you get the same total benefits package as with a longer enlistment.

Including a new starting salary of $326.10 a month, with a raise to $363.30 in just four months.

With our Delayed Entry Option, you can enlist today and report within the next six months, depending on the job-training course you choose.

Build Your Future BUY A HOME

The Department of Housing and Urban Development has many fine acquired homes throughout the Tacoma area, and all over western Washington. Some are nearly new. All are in good condition. All are reasonably priced, with low down payment.

As a homebuyer, you will realize several advantages: the interest you pay is wholly income tax deductible; you will soon build an equity in the value of your home...making your net worth grow; your home is your castle...yours to live in, in your own individual style.

HUD doesn't sell houses, so please don't call HUD for details. All sales are made through professional Real Estate brokers. Almost all licensed Real Estate brokers have complete lists of homes available. They will be glad to help you find the home suitable for you, and to answer all your questions. Call one today. Ask him about HUD availabilities.

Model Cities Board to Tour Projects

THE LAKEWOOD Center Square Dancers entertained visitors as people looked at the booths displaying seniors' handicrafts.

THE ROARING '20s Band from Puyallup was one of two senior citizen bands to entertain during the afternoon. The Wright Park Band also played.

The Model Cities Executive Board will tour seven physical improvement projects in the Hilltop as part of its meeting tonight.

During the past year, Model Cities has funded rehabilitation of the Hilltop Day Care Center, Downtown Tacoma Boys Club, Ujamaa Culture and Recreation Center, and Malcolm X Youth Center. Model Cities has also funded work at Ferry Park, on a mini-park at 25th and Sheridan, and in the Neighborhood Development Program. The tour will include all of these projects.

The purpose of the tour is to acquaint the board members with the physical improvements being made in the neighborhood.

The tour will begin at 8 p.m. after a short board meeting. The meeting will be held in the City Council Chambers at 7:30 p.m.

Council Approves Housing Corporation

After months of planning, the Municipal Authority has some authority.

The City Council approved a contract for the public corporation which will make grants and loans for home rehabilitation. The corporation will work closely with the Housing Development Program to help repair homes in the Model Neighborhood so they will satisfy housing code requirements.

Director Keith Palmquist told the council that the corporation would have $73,000 for loans and grants. He added that the authority will help Model Neighborhood residents get loans from banks as well as from the Model Cities funds.

Currently, 65 applications for home rehabilitation have been processed by Model Cities and the Housing Task Force. Some of the applicants have been waiting more than two years for the program to start.

Adequate housing has been rated as the top priority need for the Model Neighborhood. Early Model Cities documents estimated that 75 per cent of the houses in the area are substandard.

Public Defender Ready to Serve

The Public Defender project is ending its second week of operation in Tacoma as it works to help area residents charged with misdemeanors.

The staff includes two attorneys, an investigator, and two secretaries. The goal of the program is to provide legal defense for low-income individuals in Tacoma. At its current level, the project will only handle cases in Municipal Courts.

Director for the project is Hugh E. Fountain Jr., a well-known local attorney.

Eligibility is determined by income, net worth, and obligations. All applicants for the service are asked to complete a financial statement before receiving services. Applications for the Public Defender are available at the office, 730 S. Fawcett, Suite 3, and at the city jail.

Director Fountain said that the staff will concentrate on cases involving jail time in the beginning.

The project is funded by Model Cities and Law Enforcement Assistance Administration funds. The operating agency for the project is the Pierce County Legal Assistance Foundation.

If you have any questions about the project, call Hugh Fountain or Staff Attorney Roger Wilson at 572-5311.

HDP Doing More than Rehabilitation

Many Neighborhood residents think the Housing Development Program is just a rehabilitation project, but it is much more than that.

During a recent home owners seminar, the project staff showed that they want to help the community with many housing problems. In addition to rehabilitation of homes, the project will help with maintenance services and advice and with advice to home owners and buyers. In other words, if you have a housing problem, give them a call at 572-7894.

At the seminar, the project staff gave out numerous booklets on a variety of subjects including simple repairs around the home, advice for maintaining your home, and tips for saving money on utilities. These are just some of the useful sources available through the project. If you have a question or need assistance, drop by the office and talk to the staff.

Truman is a Special School

Truman Jr. High students will talk about some of the special programs at the school on this week's "Turned On."

The television program will be shown on TelePrompter (cable TV) Channel 6 at 7:30 on Thursday. This week's show will present talent and programs from Truman with host Don Shorter.

The program about today's youth is sponsored by Tacoma Model Cities.

Ohio O.K.'s NAM Bonus

The state of Ohio will pay its Vietnam veterans a bonus sometime early next year. Application forms and specifics will not be available until that time. To qualify, veterans must have resided in the state of Ohio for at least one year immediately prior to entering service and must have served honorably in Vietnam, or have served elsewhere between August 5, 1964, and July 1, 1973. At least 90 days' active duty must have been performed, unless earlier release was caused by a Vietnam-related disability. Service people on active duty will be permitted to apply. As soon as application procedures are released, the information will be published.

FLETCHER JENKINS

I would like to express my sincere appreciation to all the organizations, groups and individuals who endorsed and supported my candidacy. Many people deserve recognition for the success of my campaign that to list them all would not be possible. I am grateful to every one of you. Being a Park Board Commissioner is an honor I regard highly. Our park system must reach its full potential so that all the people of the metropolitan area can benefit from its use. My efforts will be concentrated to that end. Again, thank you.

How to get in College

Financial Aid Information Night for Parents of all students planning to attend college from the Tacoma area will be presented on December 6, 1973, at 7:30 p.m. Because of the size of the auditorium and parking arrangements, Wilson High School has been chosen as the site of the program.

Many parents and students have expressed need for additional information and help in understanding how to apply for financial aid from the colleges. The program will include the following topics:

1. How to apply for admission.
2. Which tests are necessary.
3. The kind of financial aid programs available (scholarships, grants, loans, etc.).
4. How to fill out a Parents' Confidential Statement (required by all colleges before aid can be given to a student).
5. How a "package" (assortment of kinds of aid) is made up.
6. How to make out a "budget" for college expenses.

Participants will be local "experts" in the field, the Directors of Financial Aid:

Mr. Ronald Colton

Mr. Lewis Dibble
Ft. Steilacoom Community College--

Mr. Kenneth Moe, Wilson counselor, is serving as coordinator. Telephone -- 752-6651.
